About MEPL: **Pioneering Affordable Innovation**

MEPL, established in 1989; has evolved from manufacturing televisions to becoming a leader in innovative, affordable electronic products. Our journey includes pioneering 90-channel remote converter kits, 5.1 Home Theater Systems, and now high-quality LED Televisions and Interactive Flat Panel Displays.

As the first Indian factory to manufacture printers in collaboration with Pantum International Limited, we pride ourselves on developing products tailored to the Indian market. Our core purpose is to introduce technologically advanced, high-quality products at an affordable price, competing with international brands while supporting the Make in India initiative.
